

Introduction

We want to hear from you! We are an organization of neighbors in the West End neighborhood. We are in the process of planning for the creation of a Community Improvement District, which will bring new tax dollars into our community, and we want your input on how those dollars should be spent. Community improvement districts are special taxes used to provide local public services, ranging from neighborhood safety patrols and street beautification to lighting improvements and community marketing.

Your input is important to us. How should the money be spent? Your thoughts and priorities will be recorded online as well as during a series of community meetings we'll hold later this year.
